our support/service hotline 0049 (0)511 / 123 83 505 or send us an e-mail to support@a-rival.de

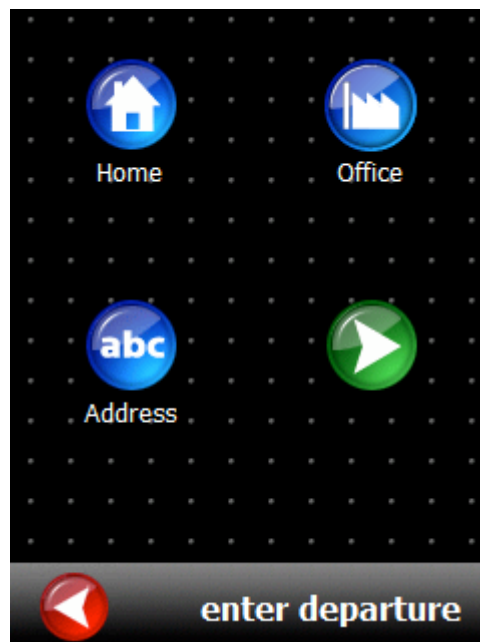

For Updates and technical information please visit our website www.a-rival.de

1 Main Menu

The main menu provides access to six functions. Click "Navigation" to enter a destination.

2 Find Destination

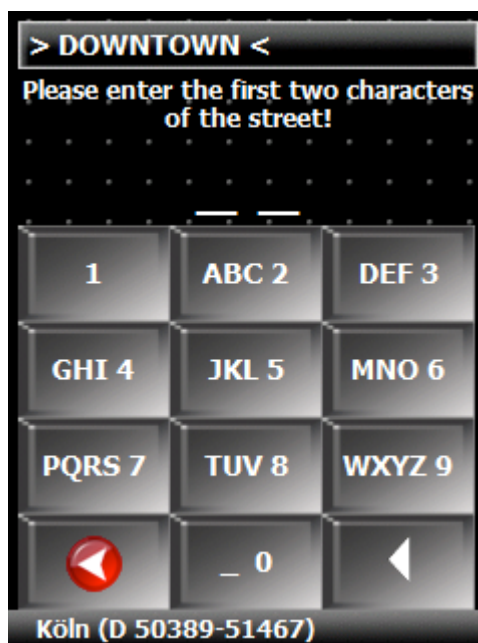

Select "Address" and enter the destination address.

3 Enter City

First use the screen keyboard to enter the name of the city where your destination is located. The letters are entered as a cell phone keypad. Simply press the button several times for a letter. For B, press 2 times for C 3 times and so on.

4 Enter Street

Next, enter the street. Please start by entering the first two letters of the street you are trying to locate. The bar at the bottom indicates the city where the street is being searched. Alternatively, you can select "DOWNTOWN" if you want to drive to the center of the respective city.

5 Enter House Number

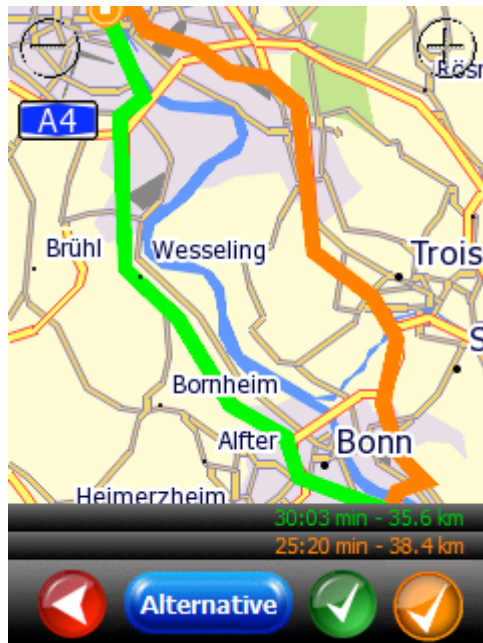

Enter the house number and confirm by pressing the GREEN button. If you do not know the house number, click the GREEN button without entering any information. In this case the navigation system will guide you to the center of the selected street.

6 GPS Reception

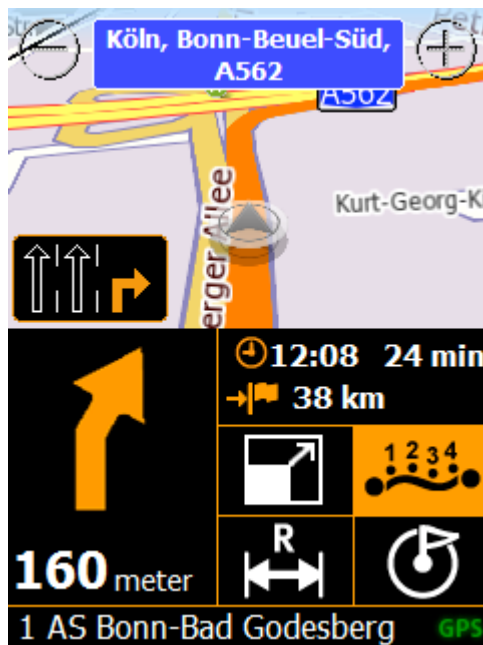

In the event of bad GPS reception the screen will display the above message. However, route calculation will automatically start as soon as reception is back to normal. Press the RED button to return to the main menu.

7 Start Navigation

After calculation the navigation system displays the entire route in an overview map, including information such as length of the route and expected travel duration. Click the ORANGE button to start navigation. Alternatively, navigation will automatically commence as soon as you start driving.

8 While on the Road

The black bar below the map provides you with miscellaneous information about the trip:

- The orange action icon indicates the next driving maneuver.
- 160 meters: Indicates the remaining distance until the next maneuver must be carried out.
- 12:08: Indicates the calculated arrival time.
- 24 min: Indicates the remaining driving time.
- 38 km: Indicates the remaining distance.
- 1 AS Bonn-Bad Godesberg: Indicates the name of the street you will enter after the next driving maneuver.
